

# FILM GUIDE

**It can be a little overwhelming:  
300+ opportunities to be  
entertained, informed,  
and inspired.**

## WHERE TO BEGIN?

You can start by knowing any choice you make will be a good one. Our films, hand-picked by our curators, are the best of the best, many having already won awards and wowed audiences at other festivals around the world.

## HERE ARE A FEW WAYS TO CHOOSE FILMS THAT ARE BEST FOR YOU:

- The **Programming Categories** and **Quick Picks** (p. 22) sections of this guide offers topical groupings to help you find the films that fit your mood or interest.
- Get a taste of what a film has in store with the **Trailers** found within each film title on the Film Guide of our website. Or visit our **Milwaukee Film Festival Youtube Channel** for easy access to all of them at once. You'll know just where to go when they leave you wanting more.
- Check out our **Programmer Favorites** online ([mkefilm.org](http://mkefilm.org)) for curated top picks from those intimate with the films.
- **Word of Mouth** is what this festival is all about! Ask your friends and the folks in line before the movies. And when you've made and enjoyed your choice, return the favor to the festival community by spreading the word. Better yet, bring along a friend who's never been to the festival to the next showing. You're not going to eat all that popcorn by yourself anyway, are you? **#MFF2015**

Don't forget, many films are screened multiple times at multiple venues so you'll have several chances to catch your favorite choices - or see them again! **The Schedule** (p. 76) at the back is an easy, all-in-one place guide for what's playing where and when.
